

USB Cable

Model: **AK-USB-42**

Product code	AK-USB-42
Product type	USB Cable
Maximum power	18 W (9 V / 2 A, 5 V / 3 A)
Cable length	1.0 m
The cable plug #1	USB Male connector type C
The cable plug #2	USB Male connector type C
Data transmission	Yes
Plated plugs	Yes - nickel plated
Product color	Blue
Package	UniBag
Product size (L x W x H)	100 x 55 x 10 mm
Package size (L x W x H)	105 x 155 x 11 mm
Net weight	26 g
Gross weight	29 g
RoHS compatibility	Yes
REACH compatibility	Yes
EAN code	5901720137562
Warranty	24 months

Description

The Akyga® AK-USB-42 magnetic USB cable is a very practical and useful gadget. It makes it easier to connect smartphones or other mobile devices with a USB port for charging. This is especially useful in situations where our USB port is often covered with dust. Thanks to this solution, the USB socket is much less likely to be damaged. Thus, our device has the chance to last longer. What's more, the magnetic cable is easy to use. All you have to do is bring the appropriate end of the USB cable close to the magnet and it will attach itself. With its help, we can not only charge our mobile phone, but also **share data** from or to a computer.

Included with the magnetic cable is a **USB type C plug**. This tip is interchangeable and you can easily replace it with a Lightning or micro USB connector. Thus, you will also charge other devices with the same cable, thus reducing the number of cables in your desk drawer or bag.
