Package size (L x W x H)	115 x 65 x 18 mm
Net weight	32.8 g
Gross weight	34.7 g
EAN code	5901720133410
Warranty	24 months

Description

The Akyga® AK-AD-41 adapter allows connection of devices with a DVI 24 + 1 interface to devices with HDMI interfaces, e.g. For connecting a graphics card to a PC through an HDMI cable, projector, etc. The adapter is made in the DVI-D DUAL-link digital standard (double-sided) and allows data to be transmitted without compression, without loss of sound and picture quality. In the adapter, data transfer occurs in both directions.
