

Adapter

Model: **AK-ND-C11**

Product code	AK-ND-C11
Product type	Adapter
Compatible with	Lenovo
Output voltage	18.5 - 20 V
Output amperage	max. 5 A
Maximum power	100 W
The cable plug #1	USB type C
The cable plug #2	Slim Tip
Product size (L x W x H)	38 x 26 x 9 mm
Package size (L x W x H)	97 x 70 x 11 mm
Net weight	7 g
Gross weight	9 g
EAN code	5901720138248
Warranty	24 months
Pin Length	12 mm

Description

The **Akyga® AK-ND-C11 adapter** is the ideal solution for people who are looking for a universal way to charge their laptop and other devices. This adapter is designed to power **Lenovo** laptops with a **Slim Tip connector**. With it, we will charge our laptops easily using a **USB-C PD** charger. This way of charging is much more convenient and also allows us to charge different devices with one charger. What's more, the Akyga® AK-ND-C11 adapter allows charging with a maximum power of **100 W**, as long as the parameters of the power supply allow it. This makes it the ideal solution also for powerful laptops. In this way, we can use our laptop fully mobile, regardless of whether we are on the move or at work.

It is worth remembering that the USB-C adapter does not increase the power of the charger it is used with. Therefore, before using it, make sure that the power adapter has enough power to power our device.
