

Adapter

Model: **AK-ND-C08**

Product code	AK-ND-C08
Product type	Adapter
Compatible with	DELL
Output voltage	18.5 - 20 V
Output amperage	max. 5 A
Maximum power	100 W
The cable plug #1	USB type C
The cable plug #2	7.4 x 5.0 mm + pin
Product size (L x W x H)	39 x 25 x 13 mm
Package size (L x W x H)	97 x 70 x 14 mm
Net weight	7 g
Gross weight	9 g
EAN code	5901720138217
Warranty	24 months
Pin Length	12 mm

Description

The **Akyga® AK-ND-C08 adapter** is an accessory that allows you to connect **USB-C** power supplies to older **DELL** laptops. The adapter is designed to provide a reliable and secure connection between devices. To this end, it has been made compatible with **Power Delivery** technology. As a result, it is able to deliver a voltage between **18.5 and 20 V** and a maximum power of up to **100 W**. This allows it to charge most laptops with a **7.4x5.0 mm connector** without any problems. What's more, the adapter is very easy to use. Simply connect the charger via the USB-C cable to the adapter and then plug it into your laptop. That's it!

It is worth remembering that the USB-C adapter does not increase the power of the charger it is used with. Therefore, before using it, make sure that the power adapter has enough power to power our device.
