

Adapter

Model: **AK-ND-C02**

Product code	AK-ND-C02
Product type	Adapter
Output voltage	18.5 - 20 V
Output amperage	max. 5 A
Maximum power	100 W
The cable plug #1	USB type C
The cable plug #2	5.5 x 2.1 mm
Product color	Black
Product size (L x W x H)	38 x 24 x 10 mm
Package size (L x W x H)	97 x 70 x 11 mm
Net weight	5 g
Gross weight	7 g
EAN code	5901720138156
Warranty	24 months
Pin Length	12 mm

Description

Currently, one of the most popular and widely used connector in electronic devices is USB type C. However, a large number of people still use older solutions available in laptops, among others. This is when the handy **Akyga® AK-ND-C02 USB-C adapter** comes to your aid. This small accessory will allow you to replace the **USB-C connector** on your power supply with one measuring **5.5x2.1 mm** in literally a few moments. In this way, you can easily adapt almost any charger with a higher-power **USB-C PD** to your laptop. What's more, you don't have to worry about compatibility as the adapter is universal and supports the **Power Delivery standard**. Thanks to this, the power voltage is always automatically selected **between 18.5 and 20 V**. Simply plug the plug into the power adapter and it is immediately ready for use.

It is worth remembering that the USB-C adapter does not increase the power of the charger it is used with. Therefore, before using it, make sure that the power adapter has enough power to power our device.
