Description

The **Akyga® AK-NB-03A** is a 1.5-metre **extension power cable**. It has been terminated with an **IEC C13 plug** on one side and an **IEC C5 connector** on the other. It is a solution that is perfect for powering various types of home cinema sets or as a laptop charger extension. The high-quality workmanship guarantees the cable's durability and failure-free operation. The cable allows the connection of any electronic device equipped with compatible contacts. What is more, its great advantage is the length, which makes it possible to connect the cable also in places which are difficult to access.
