Description

The Akyga® AK-PC-14A power cable is a reliable and versatile solution for powering electrical devices in various environments, both at home and in the office. Equipped with **IEC C13 and IEC C14 connectors**, it allows you to extend an existing IEC C13 power cable. What's more, the 0.5m cable is ideal for applications where space is limited and devices are close together. The AK-PC-14A power cable is ideal **for powering** computers, monitors, printers, UPS and other IT equipment, as well **as extending connections** in server racks and data centres. Thanks to its compact length, it eliminates cable clutter and simplifies cable management.
