

## EMI Filter

Model: **EN2020-20-S**

Product code	EN2020-20-S
Product type	EMI Filter
Filter type	Anti-interference
Maximum working current	20 A
Leads	M4 connectors
Leakage current	0.43mA @120 VAC 60 Hz, 0.74mA @250 VAC 50 Hz
Number of poles	2
Material	Metal
Temperature	-25`C - +100`C
Product size (L x W x H)	95 x 52 x 29 mm
CE compatibility	Yes
RoHS compatibility	Yes
REACH compatibility	Yes
EAN code	5901720138576

## Description

**The EN2020-20-S EMI filter** is used to suppress electromagnetic interference in electrical and electronic equipment. It is a high-performance component that helps to minimise the negative impact of interference on the operation of equipment. **The EMI mains filter** is the perfect solution for professional as well as industrial applications. Its wide operating temperature range from -25°C to +100°C makes it ideal for demanding environments.
