Description

Akyga® AK-USB-67 is a modern **silicone USB-C to USB-C cable** designed for people who need a reliable and versatile cable for everyday use. Its classic black colour makes it suitable for any set of accessories and perfectly matches the minimalist style of modern electronics.

Fast charging with USB C

The AK-USB-67 silicone USB-C cable supports fast charging of mobile devices with **60 W** of power. Thanks to its USB Type-C connectors, it is compatible with a wide range of devices, from smartphones and tablets to power banks, ultrabooks and laptops that support Power Delivery technology.

Silicone coating for durability and comfort

Made of **flexible silicone**, this USB cable is abrasion-resistant and pleasant to the touch. It does not tangle and fits easily into a bag or backpack, making it ideal for travel or work. The copper core ensures minimal energy loss and stable charging.

Universal design

Its **black colour** and matte finish make the cable timeless and elegant, perfectly matching modern devices. It is a practical choice for anyone who values reliability and simplicity in everyday use.
