

AC/DC adapter

Model: **AK-CH-30**

Product code	AK-CH-30
Product type	AC/DC adapter
Series	Universal
Responsible Entity	Akyga Europe Sp. z o.o., 52-200 Suchy Dwór, Wrocławska 1c, Polska/Poland, contact@akyga.com
Supply voltage	110-240 V / 50/60 Hz
Power consumption	< 0.25 A
Maximum power	65 W (USB-C) or (45 W + 15 W)
Standard	Quick Charge 3.0, Power Delivery 3.0, Samsung AFC, Huawei FCP, Apple 2.4A, PPS, GaN
Mechanical switch	None
Ground wire	None (II protection class)
OVP	Yes
OCP	Yes
OTP	Yes
SCP	Yes
Power supply connector	CEE 7/16 (Europlug)
USB-A output voltage	5 V / 3 A, 9 V / 3 A, 12 V / 2.5 A, 15 V / 2 A, 20 V / 1.5 A (Max. 30 W)
USB-C output voltage	2x USB-C: 5 V / 3 A, 9 V / 3 A, 12 V / 3 A, 15 V / 3 A, 20 V / 3.25 A (2x Max. 65 W)
Compliance with DCP (Dedicated Charging Port)	Yes
Material	ABS
Product color	White
Display	None
MTBF	100000 h
Temperature	5 - 50 °C
Package	EcoBox
Product size (L x W x H)	97 x 46 x 40 mm
Package size (L x W x H)	100 x 85 x 40 mm
Net weight	121 g
Gross weight	154 g
CE compatibility	Yes
FCC compatibility	Yes
RoHS compatibility	Yes
REACH compatibility	Yes
EAN code	5906708750665
Warranty	24 months

AK-CH-30
Quick Charge 3.0
Power Delivery 3.0

Descrtiption

The Akyga® AK-CH-30 is a versatile **65 W USB-C charger**, designed for modern users who need one reliable power source for all their devices. With **two ports** – one USB-C and one USB-A – plus a built-in, 60 cm **retractable USB-C cable**, it allows you to **charge up to three devices simultaneously**. It guarantees speed, safety, and compatibility with virtually every fast charging standard on the market. This is not just a charger that replaces multiple others – it outperforms them in every way.

65 W of power – no compromises

The USB-C charger, with its combination of a classic USB-A port, universal USB-C and built-in cable, offers exceptional flexibility in everyday use. It not only charges smartphones and tablets quickly, but also powers laptops such as MacBook, Dell XPS, Lenovo ThinkPad and Surface. Supporting **Power Delivery 3.0** and **PPS**, the charger automatically adjusts voltage and current to match the specific requirements of your device, ensuring **efficient and battery-friendly charging** in all situations.

USB-C and USB-A – full compatibility and flexibility

The charger supports **fast charging**, including **Quick Charge 3.0**, Apple 2.4A, AFC, FCP, DCP, and dedicated Samsung charging protocols. This means you can use any cable – short for your desk, long for your bedside table, USB-C for your laptop, USB-A for your headphones – and the charger will adapt accordingly. Whether you use Apple, Huawei, Samsung, Xiaomi or other devices, **the AK-CH-30 always delivers fast and effective charging**.

Powerful performance with GaN technology

Thanks to advanced **GaN (gallium nitride) technology**, the charger remains **compact, lightweight and highly efficient** – despite its impressive power. GaN enables faster power transfer with minimal heat output, which means greater safety and durability over time. It's the ideal choice for both office use and travel – no need for bulky multi-port chargers or tangled cables.

For those who want more – USB-C charger

The Akyga® AK-CH-30 is made for those who refuse to compromise. Want to charge your laptop, phone and earbuds at the same time, without worrying about compatibility? This charger does it all – just plug in and enjoy the full power of modern charging technology.
